Professional Profile

Third-year Information Technology and Web Design student at STADIO Higher Education with a strong passion for software development, networking systems, and analytical problem-solving. Demonstrates solid hands-on experience in programming, web application development, and IT fundamentals. Recognized for adaptability, collaborative teamwork, and commitment to continuous professional growth. I am motivated to apply academic knowledge within practical, real-world technical environments.

Education

Bachelor of Information Technology and Web Design (BITW) | 2024 – Present

STADIO Higher Education

National Senior Certificate | 2023

Westering High School, Port Elizabeth

Work Experience

Web Designer / Web Developer (Freelance) | Jan 2024 – Present

- Design, develop, and deploy client-facing websites using HTML, CSS, JavaScript, GitHub and modern development practices.
- Build and manage websites manually using Visual Studio Code and deploying them to hosting environments.
- Engage directly with clients to gather requirements and deliver customized, high-quality digital solutions.

Business Manager | Fresh Laundry, Port Elizabeth | Apr 2019 – Jul 2021

- Managed customer enquiries, pricing quotations, and overall client relations.
- Coordinated daily operational tasks and allocated responsibilities to staff to maintain workflow efficiency.
- Delivered consistent customer satisfaction through professional communication and effective issue resolution.

Additional Experience & Training

2024: Java Development, HTML, CSS, JavaScript, and Adobe Graphic Design Skills – STADIO Higher Education.

2025: Database Design using MySQL, SQL Server Management Studio, and phpMyAdmin – STADIO Higher Education.

Current: Kotlin Application Development (Android Studio) and WordPress Development.

Personal experience (self-teaching): Python Programming & Project Development.

Skills & Competencies

- **Problem Solving:** Ability to identify challenges, evaluate multiple solutions, and implement the most effective outcome.
- **Leadership & Teamwork:** Experienced in leading small teams and clearly communicating task requirements and offering guidance.
- **Communication:** Skilled in delivering clear, professional verbal and written communication, including formal presentations.
- **Customer Service & Conflict Resolution:** Proven ability to de-escalate issues, manage client expectations, and maintain strong professional relationships.
- **Presentation Skills:** Confident presenter with experience explaining technical and business concepts to varied audiences.
